

Ground Zero Laser Tag Venue Recommendation List

Below are recommended venues in which we have conducted events in the past. You are not limited to this list, in fact any suitable location is great. However, it is recommended to hold your event inside as opposed to outdoors to avoid weather related issues, bugs, ground conditions and we can have better control of lighting.

Book your event early to ensure you get the date you require. Ensure you have access to an electrical source including breaker panel as electricity is a requirement. A Fog machine is included with our set-up, ensure there are no fire alarms that could be activated as a result of the Fog. Ages 5-99 are welcome to participate. Wear comfortable clothing, no sweaters or jackets as it gets very warm and no hats due to the head sensor band you wear as part of the setup.

Come ready to sweat as it is a good work out and get ready to have a blast!

Note: Pricing and availability are subject to change per venue, this list was compiled in June 2014. Please always call the venue to verify cost and availability prior to planning an event at that location. These venues are suggested but are not the only venues used. Should you find a location that works for you, please provide us with the contact details so we may add them to our list for future venue requests. Please feel free to contact other possible locations for your events.

If you have any questions don't hesitate to give us a call toll free at 1.855.6936543 or e-mail info@groundzerolasertag.com.
